

Healthwatch Norfolk are working with The Queen Elizabeth Hospital NHS Trust in Kings Lynn to find out how people living in the area would like to be communicated with about their health, their hospital and how they could be involved in making changes.

The survey can be found here:

<https://www.smartsurvey.co.uk/s/QEHCommunication/>

Alternatively, you can request a print or Easy Read version of the survey by emailing [enquiries@healthwatchnorfolk.co.uk](mailto:enquiries@healthwatchnorfolk.co.uk) or calling 0808 168 9669. You can also complete the survey if you are a paid or unpaid carer of someone who uses the hospital or lives nearby.

All responses will be anonymised and put into a report, which will be shared with the Queen Elizabeth Hospital and be publicly available on our website.
